ENVIRONMENTALLY...

We recycle

scrap paper, wooden skids, cardboard, ink, plates, office waste, toner cartridges

computers and equipment are recycled or donated

We are green

all paper is from mills and distributors that practice responsible forestry

we are FSC Chain of Custody and SFI certified

all harmful effluents have been removed from our processes and waste water

Global reach, small footprint

we partner with printers around the world for a distributed print solution that reduces cost, time, and carbon footprint for our customers with global distribution needs

WITH PASSION.

We care

customer service teams are empowered to make decisions that benefit our customers

>40% of our customer service reps have been with Sheridan for 10+ years

our customers gave us 4.4 out of 5 for customer service

We meet schedules

our plants consistently hit 98-99.9% on-time delivery

We stand for quality

we adhere to the Deming philosophy and approach to total quality

we continually strive to improve processes and products
