Specifications subject to change without notice, though reasonable substitutions are usually available.
Check with your Sales Representative or CSR for availability.

Printing on matte coated paper is susceptible to scuffing and ink set off especially on pages with heavy coverage.
A pre-production review of your book content is encouraged for best results.

All stocked items are acid free (except Liberty, AbiBow, Equal offset and Norbright).
All paper Sheridan MI purchases for inventory is from SFI (Sustainable Forestry Initiative) certified mills and distributors.

***Indicates stocks that are FSC chain-of-custody certified.**

****Stock is limited and will be discontinued when current inventory is depleted. Consult your sales person or customer service representative on current inventory levels related to your specific title.**
